18 July 2024

Dear Parents, Carers, Staff and Academy Community Councillors

Firstly, as a Trust, we would like to thank everyone involved and for their contributions towards the Mosaic Partnership Trust over the past 12 months, making it a successful year.

We have had the privilege of visiting schools this past term and are always greeted warmly by both children and staff. The ethos of Mosaic is very much centred around people and partnerships and our schools really reflect this.

There have been so many highlights reflecting the great efforts of our school leaders and staff, from active travel initiatives and autism accreditation to mental health and well-being programs and work around equality and diversity. The Trust's structure allows us to share achievements and disseminate best practices across all schools.

Our children are also seeing the values of events, where they can actively participate alongside others. We want to thank Ryan Walker of Barrs Court Primary School for organising various sports events for the Mosaic Partnership Trust. These events have brought together teachers, children and parents/carers in a wonderful display of community support, making them a huge success. Later in the Autumn Term, children from all Mosaic schools will have the opportunity to sing at the Peter Gabriel recording studios in Box, with Gary Risdale the Head from Neston and Jake Lewis an outgoing teacher from Gillingstool providing the music.

We are thrilled to announce that our Trust successfully submitted a bid for the 'Phase 5 Public Sector Low Carbon Skills Fund' and have been awarded a grant to support our work in making our schools more energy-efficient over the coming years.

For our staff, the benefits of collaboration are becoming evident. We have established a range of networks to share best practice, seeing outstanding work among our Heads, School Business Managers, Deputy Heads, SENCOs, Assessment Leads, Maths Leads, Reading Leads, Early Years Leads, Science Leads and Geography Leads. We will continue to create more opportunities over the next 12 months.

You will all be aware that we have had a change of government since the formation of the Trust and many of us attended a session from the new Education Secretary, where she discussed some of the government's proposals. We remain very interested in how the new government approach some of the challenges in the system including funding, staff retention and SEND. You can be assured that we will continue to advocate for our children and staff and will want to continue to engage with ministers and our locally elected representatives.

Finally, we hope you have a well-deserved and wonderful summer break. For those of you moving on, whether staff or pupils, we wish you all the best for the future and we look forward to working with everyone else in the Autumn Term.

Yours sincerely

**Andrew Best**  
Chief Executive Officer

**Huw Evans**  
Chair of Trustees

**For and on behalf of The Mosaic Partnership Trust**
