

## Blue Area Homework – Term 4

**Enquiries This Term: Where does our water come from? / What should you flush down the loo?**

### WEEKLY HOME LEARNING

Being a Reader	Being an Author	Being a Mathematician
<p><b><u>Reading Homework</u></b></p> <ul style="list-style-type: none"> <li>Please read <b>5 times each week</b>. This will allow you to earn a 'fiver' and work towards moving up a belt in our Reading Karate Challenge.</li> <li>You should read your <b>school reading book</b> aloud to an adult at home. This will help to improve your fluency and prosody. Your adult can then ask you some questions about what you have been reading so that you can practise your comprehension skills.</li> <li>Remember to ask the adult to write the title of the book and their initials in your Home-School Planner on the day that you read so that your teacher can count up your 'fivers' each Monday.</li> <li>When you have achieved a new karate belt, you will receive an award, Make sure that you remember to take home a school reading book <b>every day</b> and change it when you have finished reading it.</li> </ul>	<p><b><u>Spelling Homework</u></b></p> <ul style="list-style-type: none"> <li>Each Monday, your new spelling words for the week will be entered into the 'Spelling Words' section of your Home School Planner.</li> <li>These words are the words that you will be learning in our Spelling Shed lessons that week.</li> <li>Please practise reading and <b>spelling</b> these words at home until you can spell them from memory.</li> <li>Your teacher will check that you know how to spell these words, the following Monday.</li> <li>You can practise spelling the words in any way that you like. There are many fun strategies attached to this sheet.</li> </ul>	<p><b><u>Key Multiplication Facts</u></b></p> <p>Each day in school, we will take part in a 'Multiplication Challenge' to enable us to learn to understand and be able to recall multiplication and division facts from memory.</p> <p><b><u>Year 3</u></b> You will be learning to recall multiplication and division facts for the 2, 3, 4, 5, 8 and 10 times tables.</p> <p><b><u>Year 4</u></b> By the end of Year 4, you will need to be able to fluently recall multiplication and division facts for all of the times tables up to and including 12 x 12. You will learn the tables one at a time until you are ready to move on to the next one.</p> <p><b><u>Times Table Homework</u></b> You need to continue to practise rapid recall of the times tables that you are learning in school by spending <b>a few minutes each day</b> on your tables. (Multiplication and division facts) You can do this using the <b>Times Tables Rock Stars app</b> or website using your personal login or in any way that you choose. Remember, when you are chanting the facts you need to say the fact as we do in school. To say a multiplication fact, always look for the biggest factor in the calculation to say first. EG for <math>4 \times 6 = 24</math>, we will say 6 4s are 24. For a division fact, we say it as the inverse too (multiplication) EG for <math>24 \div 4 =</math> we would say 6 4s are 24 in the same way, reading backwards from the answer across the fact, using our multiplication knowledge to answer the question. This way we are learning one fact to answer four calculations.</p>

### PICK AND MIX ENQUIRY HOMEWORK – YOUR CHOICE!

Choose from the following projects. At least one to be completed before the end of term. When you have completed your project, please bring it in to share with your class.

#### Being an Artist

Find out more about either of our key artists who were inspired by water: David Hockney or Claude Monet. You could create a fact file about your chosen artist or you could take inspiration from one of their painting and create a water themed art project of your own.

#### Being a Reader

Write a book review about a story you have discovered with a water theme. It might be a book set in a body of water or the main character might be a water dwelling creature. Summarise the story and write a review of what you liked about the story.

#### Being an Author

Write a poem with a water theme. It could be about a rain drop, a river, the ocean... use your imagination. You might try to include some poetic devices such as alliteration, rhyme, personification, similes or metaphors.

#### Being a Musician

Can you make a water xylophone? Investigate what happens to the sound you make when you tap glass jars filled with different volumes of water. You could compose a piece of music, record yourself and then email the video into school to share in class.

#### Being a Geographer

Find out about one of the most famous rivers of the world. You could visit the library to find a non-fiction book or you could use the internet to help you (remember to ask for your parent's permission first. You can present your research in any way that you like.
